

WORLD TOILET DAY 2010

Friday 19 November

Support the movement (for better sanitation)

Our species faces attack from faeces! 1.8 million people die each year from a lack of toilets and sanitation. Oxfam is helping, one toilet at a time. So while you embrace your movement, how about supporting ours.

Spend a penny today. Look for collection boxes around your office and bathrooms. Check out www.oxfam.org.nz/water

Thanks for your gold coin donation towards our Oxfam Water Challenge team.
